Explanation

Words and figures inclosed in brackets [ ] are given for information, but do not appear on the title-pages of the publications catalogued. When size is not given octavo is to be understood. Size of maps is measured from outer edge of border, excluding margin. The dates, including day, month, and year, given with Senate and House documents and reports are the dates on which they were ordered to be printed. Usually the printing promptly follows the ordering, but various causes sometimes make delays. When Congress and session are not given with the numbers of Senate and House documents and reports, 66th Congress, 2d session, is to be understood.

SALES OF GOVERNMENT PUBLICATIONS

The Superintendent of Documents, Washington, D. C., is authorized to sell at cost of paper and printing any United States public document in his charge the distribution of which is not otherwise provided for.

Publications can not be supplied free to individuals nor forwarded in advance of payment.

Publications entered in this catalogue that are for sale by the Superintendent of Documents are indicated by a star (*) preceding the price. A dagger (†) indicates that application should be made to the Department, Bureau, or Division issuing the document. A double dagger (‡) indicates that the document is not obtainable. Whenever additional information concerning the method of procuring a document seems necessary, it will be found under the name of the Bureau by which it was published. The Senate and House documents and reports are issued in limited editions, and, unless otherwise indicated, may be obtained only through Members of Congress.

In ordering a publication from the Superintendent of Documents, give (if known) the name of the publishing Department, Bureau, or Division, and the title of the publication. If the publication is numbered, give the number also. Every such particular assists in quick identification. Do not order by the Library of Congress card number.

The accumulation of publications in this Office amounts to several millions, of which over a million are assorted, forming the sales stock. Many rare books are included, but under the law all must be sold "at cost," regardless of their age or scarcity. Many of the books have been in stock some time, and are apt to be shop-worn. In filling orders the best copy available is sent. A general price-list of public documents is not available, but lists on special subjects will be furnished on application.

MONTHLY CATALOGUE DISTRIBUTION

The Monthly catalogue is sent to each Senator, Representative, Delegate, Resident Commissioner, and officer in Congress, to designated depositories and State and Territorial libraries, to substantially all Government authors, and to as many school, college, and public libraries as the limited edition will supply.

Subscription price to individuals, 50c. a year, including index; foreign subscription, 75c. a year. Back numbers can not be supplied. Notify the Superintendent of Documents of any change of address.

LIBRARY OF CONGRESS CARDS.

Numbers to be used in ordering the printed catalogue cards of the Library of Congress are given at the end of entries for the more important documents. Orders for these cards, remittances in payment for them, and requests for information about them should be addressed to the Librarian of Congress, *not* to the Superintendent of Documents.

INDEX

An Index to the Monthly catalogue is issued at the end of the fiscal year. This contains index entries for all the numbers issued from July to June, and can be bound with the numbers as an index to the volume. Persons desiring to bind the catalogue at the end of the year should be careful to retain the numbers received monthly, as duplicate copies can not be supplied.

HOW TO REMIT

Remittances for the documents marked with a star (*) should be made to the **Superintendent of Documents, Washington, D. C.**, by coupons, postal money order, express order, or New York draft. Currency may be sent at sender's risk.

Postage stamps, foreign money, defaced or smooth coins, positively will not be accepted.

For the convenience of the general public, coupons that are good until used in exchange for Government publications sold by the Superintendent of Documents may be purchased from his Office in sets of 20 for $1.00. Address order to Superintendent of Documents, Government Printing Office.

No charge is made for postage on documents forwarded to points in United States, Alaska, Guam, Hawaii, Philippine Islands, Porto Rico, Samoa, or to Canada, Cuba, Mexico, or Shanghai. To other countries the regular rate of postage is charged, and remittances must cover such postage.

Binding the Catalogue

The Documents Office will soon issue an index to all entries in the twelve numbers of the Monthly catalogue, July, 1919, to June, 1920. A title-page for the twelve numbers of the catalogue will accompany the index. Duplicate numbers of the Monthly catalogue can not be supplied.
